Motor Vehicles Registered by Classification, Type in Region I							
Private	**95,281**	**166,091**	**101,058**	**6.06**	**-39.16**	Motor vehicle population increased by 5.72% on the 4th Quarter of CY 2019, as there were substantial increases in the following: - Total number of renewed motor vehicles up by 14.63% with increases in all types of vehicles. Cars - 14.67%, Utility Vehicles - 5.61%, Sports Utility Vehicle - 16.32%, Buses - 3.23%, Trucks - 0.93%, Motorcycles - 17.24%, Trailers - 12.26%. However, registration of new motor vehicles posted a decrease of 14.15%. Other contributory factors: - Public awareness on the strict implementation of LTO policies related to MV registration and other land transportation laws, rules and regulations; - Three (3) year validity of registration under 3 year registration scheme for new completely built units (CBU) and motorcycles 200cc and above; - Economic condition in the locality; - Policy on change venue of registration; and - Compliance on the part of motorists due to increase visibility of law enforcers.	Comparison of the MV Registered on the 3rd and 4th quarters of CY 2019 resulted to 40.97% decrease primarily due to 45.70% decline in the renewal and 20.33% decline in the sales reporting and initial registration of new motor vehicles during the 4th quarter. Other contributory factors - Public awareness on the strict implementation of LTO policies related to registrationn and other land transportation laws, rules and regulations; - Three (3) year validity of registration under 3-year registration scheme for new completely built units (CBU) and motorcycles 200cc and above; and - Economic condition in the locality. - The fourth quarter of the year comprises the lean months of the registration period.
